

## ASVS Scientific Video Showcase Session

### Presentation Date: 8th, 9th October 2026

| SrNo | Abstract_TrackID   | Abstract Title                                                                                                                                                              | Presenting Author Name |
|------|--------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------|
| 1    | ASVS26_ABS_L536956 | Successful type 2 Endoleak management by IMA embolization via SMA IMA marginal artery communication                                                                         | Dr.ASHWIN PREM SOLOMON |
| 2    | ASVS26_ABS_V197659 | Over-the-Wire Fogarty Embolectomy for Iatrogenic Renal Artery Thromboembolism During Trans-Femoral Aortic Thrombectomy: A Novel Bail-Out Technique                          | MANOJ H                |
| 3    | ASVS26_ABS_O947180 | Endovascular Exclusion of a Graft-to-Graft Anastomotic Pseudoaneurysm in a Hostile Groin: A Retrograde Transgraft Covered-Stent Salvage.                                    | MURALIDHAR K           |
| 4    | ASVS26_ABS_K175325 | Dual Challenge in a Rare Anomaly: Endovascular Recanalization of Persistent Sciatic Artery Occlusion with CLTI and Management of Post-Procedural Access-Site Pseudoaneurysm | MALINI DEVI C G        |
| 5    | ASVS26_ABS_D166476 | Open Surgical Management of Complex Arterial Thoracic Outlet Syndrome with Subclavian Artery Aneurysm Secondary to Complete Cervical Rib: A Surgical Video                  | SIVA S                 |
| 6    | ASVS26_ABS_V521457 | Intravascular Foreign Body Retrieval Following Malpositioned Permcath: A Case Report                                                                                        | SIDDARTHA K            |
| 7    | ASVS26_ABS_Y790993 | Reconstructing the Hostile Aorta: Aortobifemoral Bypass for Complex Juxtarenal Aortoiliac Occlusive Disease.                                                                | M CHETANA RAO          |
| 8    | ASVS26_ABS_X661494 | Fully Ultrasound-Guided Sheath Pull-Back for Antegrade Balloon Angioplasty of Superficial Femoral Artery Ostial Lesions                                                     | RAKSHITH MOHAN         |
| 9    | ASVS26_ABS_T455012 | Fusion Imaging in Endovascular Surgery: A Practical Approach to Reduce Contrast usage and Radiation Exposure                                                                | VISHAL VERMA           |
| 10   | ASVS26_ABS_F264322 | Right Aberrant Subclavian Artery Thrombosis Associated with an Ipsilateral Cervical Rib : A case report                                                                     | GOUTAM BIRLA           |
| 11   | ASVS26_ABS_W316865 | Emerging Role of Genicular Artery Embolization in Knee Osteoarthritis: A Single-Centre Case Series                                                                          | SATEESHA REDDY         |
| 12   | ASVS26_ABS_T883838 | Carotid Endarterectomy in Octogenarians: Does Age Really Matter?                                                                                                            | FAISAL MUHAMMAD SHAIKH |

|    |                    |                                                                                                                                                                        |                 |
|----|--------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------|
| 13 | ASVS26_ABS_M331096 | Endovascular Balloon Tamponade Salvage for Intraoperative Retroclavicular Subclavian Vein Rupture During Reoperative Surgery for Recurrent Papillary Thyroid Carcinoma | ANOM WIRADANA   |
| 14 | ASVS26_ABS_C165498 | EXPERIENCE OF ROBOT-ASSISTED VISCERAL BRANCH DEBRANCHING IN A PATIENT WITH THORACOABDOMINAL AORTIC ANEURYSM                                                            | ASLAN ZAKERYAEV |
| 15 | ASVS26_ABS_A599027 | ROBOT-ASSISTED REMOVAL OF A VENA CAVA FILTER AFTER FAILED ENDOVASCULAR ATTEMPTS (A CASE REPORT)                                                                        | ASLAN ZAKERYAEV |
